

INTERNATIONAL DIASPORA ENGAGEMENT ALLIANCE

Caribbean Idea Marketplace

A Diaspora Challenge Fund to foster local & diaspora business partnerships for development.

US Secretary of State, Hillary Rodham Clinton endorses CIM

"People of Caribbean descent have made a powerful contribution to every country in which they have settled... But they are also a major source of support for their country of origin, particularly through remittances. But there are other ways that the diaspora community can be harnessed, because that great store of talent, energy, and entrepreneurial spirit can be put to work here in the Caribbean."

CARICOM Conference in Jamaica, June 2011

The Caribbean Idea Marketplace (CIM) is a business competition platform that encourages local and diaspora entrepreneurs to forge partnerships around innovative projects that will generate employment and economic opportunities in the Caribbean region by providing US\$100,000 grant funding for winning projects.

CIM is a dynamic funding initiative which seeks to:

- Engage Caribbean entrepreneurs with Caribbean diaspora and other entrepreneurs in the United States of America, Canada and the United Kingdom, to encourage the development of new and innovative business ideas that can foster economic growth in the region.
- Promote entrepreneurship, and business development in new and innovative areas.
- Share knowledge and create learning networks with and among diaspora communities.

Who Are We?

The International Diaspora Engagement Alliance (IDEA) is an innovative platform for public-private partnerships

designed to engage diaspora communities, the private sector, and public institutions in a collaborative process. The goal is to support the development of diaspora-centered partnerships that promote trade and investment, volunteerism, philanthropy, diplomacy, entrepreneurship, and innovation in countries of origin. The U.S. State Department, the Inter-American Development Bank, and Digicel are among its founding members.

Compete Caribbean is a program that provides technical assistance grants and seed capital to support private sector development in the Caribbean region. The program is jointly funded by the Inter-American Development Bank (IDB), the United Kingdom Department of International Development (DFID) and the Canadian International Development Agency (CIDA). The Program supports projects 15 Caribbean countries in collaboration with the Caribbean Development Bank.

Compete Caribbean will manage and implement the Caribbean Idea Marketplace initiative and provide matching-grants in the amount of US\$100,000 to winning projects.
